In making your decision, please consider each aspect of the paper according to the criteria noted below. Comment where suitable.

A mark of 70% or above is considered a pass in this higher degree. If you consider that the candidate should be required to resubmit the paper, or that the paper should only be accepted after minor amendments (to the satisfaction of the supervisor in consultation with the Director of the OEP), please make appropriate recommendations above.

**This form must be completed, signed and dated and forwarded to the OEP no later than one month from receipt of the research report.**

**Criteria**

Please address the criteria listed below in a signed, written report of approximately 300 words. This report and the final agreed grade and mark will be released to the student (after confirmation with the OEP).

- The candidate has defined clearly the problem to be investigated.
- The candidate has demonstrated knowledge of the relevant literature and a capacity to analyse it in relation to the problem defined.
- The candidate has used the literature and proven techniques of investigation to solve or to clarify our understanding of the problem being investigated.
- The candidate has explained the limitations of his or her own work and the nature of any contribution made.
- The candidate has shown competence in technical writing.
- The candidate has assembled a logical report and it is well laid out (presentation).

I am/am not prepared to have my identity made known to the candidate. <i>(Please strike out as desired).</i>
